#	RESPONSES	DATE
1	It was a great day. It opened my eyes to how big the problem is but also showed me that Grant County is doing a good job at helping these patients.	3/25/2019 1:53 PM
2	It really was illuminating!! I thoroughly enjoyed the experience.	3/24/2019 1:48 PM
3	None	3/23/2019 8:17 PM
4	This event was extremely informative. As a student, I have been able to learn a lot of resources that grant county offers. I also found this extremely beneficial, due to the fact as I am about to graduate and prior to starting nursing career I am more aware of ways to talk to my patients who may be dealing with substance abuse or mental illness. I want to thank you all. It was such a transforming and motivational day for many of us.	3/23/2019 8:54 AM
5	I would allow people to talk during lunch rather than watch a ted talk. It gives them a chance to talk about what they are learning and network with those who are there. Also, it was too long to stand at Premier Care. Excellent day! Thanks for making this happen.	3/23/2019 6:45 AM
6	Appreciated the many speakers (although some could have been shortened) sharing their knowledge. Learned more about the methodone clinic and never knew about CSP (what a great resource). ACC conf room was very cold. Thought the group size would work better if smaller. While a lot of good info was given, it was a LONG day.	3/22/2019 7:03 PM
7	Pleasant day with all the people there.	3/7/2019 1:44 PM
8	Thank you! It was a well-planned day and the activities were helpful in learning about the problem and resources.	3/6/2019 5:28 PM
9	Thank you!	3/6/2019 5:22 PM
10	This was a very beneficial day and I would recommended it to anyone in our community.	3/6/2019 9:37 AM
11	thank you, I enjoyed the day	3/5/2019 4:59 PM
12	Thank you! I hope there are more events for others that serve the public.	3/4/2019 10:35 AM
13	Thank you so much! Keep offering this!	3/1/2019 7:36 PM
14	Terrific experience!! I especially enjoyed hearing the experience, strength and hope of the people in recovery. The speakers who jumped on the bus at the Grant County Rescue Mission and at the Grace House were terrific as well. Dr. Conn was good at explaining the medicine behind opioid withdrawal. I learned a lot about the Indiana Health Center. I would like to hear more about Suboxone treatment. I also think that as confused as I was about the best way to manage heroin addiction (abstinence/Vivitrol, versus Methadone, or Suboxone), I can only imagine the confusion facing the loved ones of an addict. Every group seems to have their own program. It has to be terribly confusing for family members who are often funding the treatment. Do they have long-term statistics on these three options? Success rates? Evidence-based practice? Also, it would be nice to have information available on free support groups for loved ones of addicts - ie the Alanon meetings that happen every Tuesday evening at 8 p.m. (New Life Club, 1301 W. Third Street) Maybe that information could be added to the handout or maybe have an Al-Anon station with handouts at the Milestone gathering. Overall, a great program. I hope you continue to have these events to educate people in the community.	2/21/2019 9:52 AM
15	This was a great experience. I really enjoyed learning more about resources in our community as well as some history on the buildings and agencies. Thanks to all who took the time to make this event possible!	2/20/2019 12:08 PM
16	The morning was mostly focused on addiction. I would have liked a little more discussion on mental health since both topics were promoted. Thanks for all the effort and work that went into planning the day! Much appreciated.	2/19/2019 5:39 PM
17	Wonderful event	2/19/2019 12:49 PM
