

Your Health Matters

Convenient, affordable screenings help keep you well

By Terri Couse

MARION GENERAL HOSPITAL is a leader in promoting health and wellness in our community. By providing affordable health screens, patient education, and assistance in securing a routine primary care provider, we are partnering with you to become proactive in maintaining your health and wellness.

The MGH Health Expo on Saturday, Sept. 8th will offer affordable and convenient health screenings that could save your life. Why wonder if you are at risk when you could know?

HOSPITAL SCREENINGS: Information will be available on screening exams designed to provide cost-effective ways for early detection for heart disease and some cancers.

COMMUNITY SCREENINGS: Low-cost community screenings will be offered at the event. (See list of screenings offered).

HOSPITAL SCREENINGS AVAILABLE WITHOUT A PHYSICIAN ORDER AT THE HOSPITAL INCLUDE:

Cardiovascular Screening \$99:

Carotid ultrasound screen, abdominal aortic ultrasound screen, ankle-brachial indexes, blood pressure and heart rhythm strip

Cardiovascular Screening Plus \$138:

Carotid ultrasound screen, abdominal aortic ultrasound screen, ankle-brachial indexes, blood pressure, heart rhythm strip, and cardiac CAT scan calcium score

Heart Screening \$49:

Cardiac CAT scan calcium score

Lung Screening \$25:

Low-dose CT scan

Prostate Screening Plus \$388:

MRI of the prostate

Hospital Screenings are available Monday-Friday by appointment. Results are sent directly to the patient. If screening patients do not have a physician, MGH will assist them in obtaining one. Hospital and community screening vouchers will be available for purchase and future redemption.

MARION GENERAL HOSPITAL

HEALTH
EXPO 

Saturday - September 8
from 7:30 AM to 1:00 PM

YOUR HEALTH MATTERS COMMUNITY SCREENINGS

Community screenings available
7:30 AM to 10 AM.

MGH will offer low-cost screenings at the Health Expo including:

- Wellness Panel: Includes screening for glucose, electrolytes, kidney, liver and thyroid, plus complete blood count and lipid profile.
- Diabetic Screening (A1c)
- Sickle Cell
- PSA (prostate screening)
- Colon Cancer Screening
- Osteoporosis Screening
- Breathing Test

Health screening is a proactive step to staying healthy. It allows you to find out if you have a disease or condition even before you have signs or symptoms. Early detection, followed by treatment and good control of the condition, can result in better outcomes.

\$49 heart SCREENING

\$25 lung SCREENING

don't wait . be proactive . preventive health .

Promote quality of **life**, healthy development, and healthy behaviors across all stages of life.
